

the k-love station that is in jeporady shouldnt even be an issue, it is only positive radio with no cursing, fowl humor, or any sense of bad conduct. This station has helped me in many ways, threw depression of life, problems i cant even comprehend on how to fix, financial insepration and peace within my heart. i think it souldnt be an issue if it stays but an issue on how to get rid of the negativity filing your airways. thank you for your time.
